

I CLAIM:

1. A bird perch worn on a person's upper arm comprising:
a generally curved relatively rigid band;
means for releasably securing said band to the person's upper arm; and
a perch extending generally horizontally outwardly from said band.
2. The bird perch worn on a person's arm of Claim 1 wherein said perch is comprised of wood.
3. The bird perch worn on a person's upper arm of Claim 1 wherein said band includes a foam layer adapted to contact the person's upper arm.
4. The bird perch worn on a person's upper arm of Claim 1 wherein said releasable securing means includes strap means adapted to fit around the person's upper arm.
5. The bird perch worn on a person's upper arm of Claim 4 wherein said strap means includes a pair of straps secured to said band.
6. The bird perch worn on a person's upper arm of Claim 5 wherein said strap means include hook and loop fasteners for securing them to each other.
